NEWSLETTER BULLETIN EMAILED JUNE 23, 2017 4:45pm

We stress that it is best for campers to NOT visit their trailers this weekend. We need less traffic on the roads and in the park while we work to resolve the flooding issues.

The campground entrance has been blocked at B-Section and campers in this section have been asked to evacuate the area.

Low lying areas throughout the park include sections B,C,D,G & F - Hydro to the septic tanks in these low lying areas are being shut off due to possible electric shock and sewage backup.

Use of toilets and showers may not work as septics are under water. If you are in the campground, please use the front and rear washroom facilities until further notice.

You cooperation is appreciated. If you are at the campground, please check on your neighbours well-being.

If you have any concerns, please call:

*Campground Office 519-338-3010 ext. 222
Tom Cowen 519-323-7200
Herb Cowen 519-323-6497*

The Town of Minto has declared a state of emergency and we have many roads in the area that are closed or restricted due to flooding and erosion. We strongly suggest staying away from the area to allow emergency responders do their job.

As campers are discouraged from coming to the campground this weekend, the Social Committee will hold over the sales of the Canada Day weekend BBQ tickets to next weekend. Tickets can be purchased at the Committee Desk on Saturday July 1st from 10AM to 2PM

The desk will be open this Saturday for those who happen to be here.

There will be NO 100LB propane tank deliveries this weekend as the delivery truck cannot get through the campground.

Staff will be available Saturday June 24th to fill 20LB and 30LB tanks for those who need it.

We have posted a few pictures of the flooding to our facebook page if you'd like to check them out:
