

NEWSLETTER BULLETIN EMAILED JUNE 28, 2017

The campground is looking better!

They've been calling this the 100 year storm - and we have to agree, we've never seen the lake get as high or for so much water to collect in the campground in so little time! Thank you to everyone for your continued patience as we work to clean up.

Yesterday we were able to pump about 95% of the water out of B-section (even found 2 bass swimming around in there - 1 in a canoe!) The lake is still very high but we've brought in sand and clay and banked it up along B-section.

Rain is in the forecast for the next few days...as long as we don't get too much rain, B-section campers should be good to return for Friday! We'll do our best to keep you updated on Facebook and by email.

The rest of the campground is in good shape! Everything is on and running and is good to go for the coming Canada Day long weekend.

Now, we just need to hope for sun and good weather!

If you have any questions or concerns, feel welcome to give us a call:

Campground Office 519-338-3010 ext. 222

Tom Cowen 519-323-7200

Herb Cowen 519-323-6497

Images of B-Section taken the morning of Wed. June 28:

The Social Committee have held over the sales of the Canada Day weekend BBQ tickets to this weekend. Tickets can be purchased at the Committee Desk on Saturday July 1st from 10AM to 2PM

More details to follow in our weekly newsletter. If you're not already subscribed to the weekly newsletter, feel free to do so by following this link: [Modify your Subscription](#)

We have posted updated pictures of the flooding (primarily of B-section) to our facebook page if you'd like to check them out:

<https://www.facebook.com/pikelakegolfcentre/posts/629427693917740>

The golf course is open! Most of the water is gone, we're hoping all excess water will be gone by tonight!

Lake #1 is currently closed so both the Links and the Lake courses are beginning on Links #1.

Lake #1 the morning of Friday June 23:

....In comparison to the Lake #1 on Tuesday June 27:
