

Park Patrol & Emergency Protocol

For all 911 emergency situations, that is, any situation that does not concern park maintenance, call 911.

Pike Lake Golf Centre Limited now has two CPR defibrillators on site. During the “On-Season” they are located at the Motel and Clubhouse. During the “Off-Season” one is at the motel while the other can be found in the front laundry room.

IN THE EVENT OF A HEART ATTACK CALL 911.

Once 911 has been called, and you wish to have the defibrillator brought to you, then call the motel during business hours 8AM to 10PM at (519)338-3010 ext. 221 and after 10PM call facility patrol (519)496-2670. If the trained personnel and defibrillator are available, we will attempt to have the defibrillator brought to you ASAP. Don't forget to provide your location.

MAINTENANCE & PARK PATROL

In situations concerning maintenance issues of the park call the campground office at 519-338-3010 ext. 222. If a staff member does not answer the call, leave a message containing the NAME that the lot is listed under, and FULL LOT # (Letter and #), and the problem – the issue will be addressed the next morning. We will try to correct the problem as soon as we can but we ask that you try and understand that these could be after-hour requests and response to the issue may not be immediate. If it is a security issue and the office is closed, call facility patrol at 519-496-2670 OR dial 519-338-3010 and when you reach the automated system, dial 1 then 6 and Pike Lake Staff will assist.
